1. On a scale of 1 to 10 how would you rate area drainage (with 1 being terrible and 10 being great)?
2. How does your neighborhood drainage compare with other Fulshear neighborhoods?
3. What do you think causes the drainage issues within your neighborhood?
4. Please describe your flooding experience. Any high water marks, how long the flooding lasted, dates of rainfall event, etc... Pictures of flooding events are extremely helpful in calibration of hydraulic models. Please send any pictures to fulshearMDP@costelloinc.com.
5. Please Rank in importance
 - Public Safety
 - Fire Protections
 - Mobility
 - Drainage Improvements
6. Rank in importance of quality of life:
 - Drainage
 - Access
 - Trees/Landscaping
 - Easements
7. Would you be willing to provide a drainage easement on your property for proposed improvements?
8. Would you be willing to allow removal of trees to allow construction of area drainage improvements?
9. Would you be willing to participate financially, either through a taxing mechanism or donation of land, to improve the drainage situation?
