Emergency Operations Update

The City of Fulshear has transitioned to Level 1 at its Emergency Operations Center in response to the Brazos River Flooding. This means that the City is under a 24/7 Emergency Operations cycle. During EOC operations, City resources are redirected to emergency efforts and normal services such as building inspections, customer service/utility billing, and municipal court are suspended.

Additionally, all Board, Commission and Committee meetings are cancelled until the City stands down from this status. If you require additional information please visit: www.fulsheartexas.gov for local information and links to additional resources or call 281-346-1796 or. We appreciate your patience and consideration.

CJ Snipes

City Manager
