

**ATTENTION FULSHEAR RESIDENTS  
INTERESTED IN MAKING A DIFFERENCE:**

Fort Bend County Office of Emergency Management will be offering free Community Emergency Response Team (CERT) training for the Fulshear community on February 24, 25, and 26.

CERT training involves hands-on training provided by experts in the emergency management field. This will enable you and your community to be better prepared for disastrous situations that could impact your area.

CERT is about readiness, people helping people, rescuer safety, and doing the greatest good for the greatest number. CERT is a positive and realistic approach to emergency and disaster situations where citizens will be initially on their own and their actions can make a difference.

If you are interested in volunteering please contact:
