City of Fulshear Residential Flood Damage Repair Permit

- **When is a permit required for flood damage?**

Permits are required for work that consists of removing or replacing the roof, walls, siding, wall board, plaster, insulation, paneling, electrical system, plumbing, irrigation, flatwork and heating or air conditioning.

Construction and repair can only begin after you receive permits from the City.

- **Is there a fee associated with flood related damage permits?**

Residential home inspections and permits for Harvey Flood Damaged properties are FREE OF CHARGE.

- **Who applies for Flood Damage Permits? Homeowner or Contractor?**

A homeowner with homestead address can obtain a permit if doing the work themselves.

If the homeowner uses a contractor the contractor must pull the permit

*Contractor must also register with the City (There is no fee for registration if the work to be performed in for a Harvey Flood Damaged Property.

- **What paperwork do I need to submit?**

A detailed list of what is being proposed to do or a copy of the contract

- **When is an inspection performed?**

For flood damage: an inspection is required before insulation

For High Wind damage: an inspection is required before covering up

*Inspections can be requested the same day between the hours of 7:30 am and 3:00 pm
(When calling for a same day inspection please state that this is a flood permit)

- **How do I schedule an inspection?**

Please call our office at 281-346-8860 or you can email inspections@fulsheartexas.gov

(Give the type of permit, permit number, the address, and when you would like the inspection to be done.)
