Fulshear, TX 77441

Re: Solid Waste Services

Dear Head of Household,

The City of Fulshear recently awarded an exclusive franchise contract with Royal Disposal & Recycle and there will be some changes to the service you currently receive for solid waste. Ordinance No. 01-878 requires all Residential and Commercial Solid Waste to be collected from an approved franchise. Royal Disposal & Recycle is the only approved solid waste franchise provided within the City limits.

Two ninety-five gallon carts have been provided to you by Royal Disposal & Recycle for solid waste (gray lid) and recycling (yellow lid). These carts have been provided to comply with the automated collection services that will begin in the first week of February. These are the only carts approved for the automated collections. If you have not received your new carts, please contact the City of Fulshear. You may rent an additional cart(s) directly through Royal Disposal & Recycle at a rate of \$5.00 per month which is billed in total at the beginning of each calendar year. A radio frequency identification number (RFID) is branded on each cart and recorded by address. Carts are to remain at the property assigned, regardless of occupancy and whether or not the carts are used. If your cart is lost or stolen, you may contact the Fulshear Police department and file a report. Upon completion and verification, Royal Disposal & Recycle will issue a replacement cart.

The solid waste collection schedule was recently changed for garbage and recycling to be picked up at the same time on Wednesday mornings. Both carts should be placed on the curb by 7 AM to guarantee pick up.

According to City Ordinance 01-878, city residents are required to pay for solid waste services, including recycle. This applies whether or not the services are utilized. Ordinance No. 2014-1128, approved by City Council on January 21, 2014, adopted all residential solid waste and recycling at a monthly fee of \$18.00. In accordance with the Texas Health and Safety Code, the City must ensure sanitary conditions including solid waste services for all residents and businesses of the City. Citations will be issued by the City of Fulshear for delinquent accounts.

Handicap services are available upon request based on need. Medical documentation must be provided to the City of Fulshear and services will be provided upon application approval.

The City of Fulshear anticipates a quick transition for these services and we hope that you find this information helpful and beneficial. For more information, please visit our website, www.fulsheartexas.gov, or contact City Hall at (281) 346-1796.

Sincerely,

Bobbi Martin
Utility Billing Coordinator
